Engineering

found or type unknown

Minerals

found or type unknown

Non-ferrous metals

found or type unknown

Steel

found or type unknown

Water

Summary:

STYLE focused on specific scenario: “A project team is evaluating options for a resource or energy improvement for their process or product and they need a pragmatic tool to check the broader sustainability implications of each technological solution”.

The STYLE Roadmap provides an interactive summary of the key recommendations from the project (under Uptake, Toolkit, Methodological and Data themes).
