The German and French National Contact Point (NCP) and Enterprise Europe Network Alsace with the Europe Alsace Network organise a brokerage event with the objectives to present the future framework program of research and innovation "Horizon 2020" and the first calls for proposals to be published by the end of 2013.

Participants will have the opportunity to present their own concepts and to meet representatives from companies/SMEs, universities and research organisations in order to exchange ideas during pre-arranged meetings. **The aim is to pave the way for future co-operations and European projects including call topics for 2014 and 2015.**

Main Topics

The event will focus on:

- Nanotechnologies

- Advanced materials
- Advanced Manufacturing and Processing
- Energy efficiency in Buildings (PPP-EeB)
- Factories of the Future (PPP-FoF)
- Sustainable process industries (PPP-SPIRE)

and will take into account the societal challenges defined in Horizon 2020.
