

## SPIRE

Post date:

10/10/2023 - 11:28

**The RETROFEED project will unveil its most promising outcomes in a closing event on the 25th of October 2023. Participants can chose between attending online or being present in Brussels (Comet Louise, Place Stéphanie 20). Interested parties should register in advance.**

The agenda will include the project's achievements in ceramic, cement, aluminium, steel and agrochemical sectors (TORRECID, SECIL, ASAS, FERRIERE NORD, SILCOTUB and FERTIBERIA), the remaining challenges, and the role of digitalisation in pushing innovation forward.

**For more information visit the project's page.**
