After 4 years of work, the H2020 FISSAC project reached its end, so it is time to celebrate and share the successful results achieved. The whole FISSAC Consortium is happy to announce the opening of the registrations to the FISSAC final conference in Brussels on the **29th of January 2020**

During the event, you will have the opportunity to dive into industrial symbiosis processes of the construction value chain through interactive presentations and thematic workshops. The FISSAC model, as well as the innovative materials and products developed, will be in the focus.

Seats are limited so we encourage to register as soon as possible. Registrations are **open until the 22 January 2020**.
