On 23 and 24 September 2014, IMA-Europe will celebrate its 20th Anniversary at Square meeting centre in Brussels, under the title of “IMAGINE the future with industrial minerals”.

At this occasion, IMA-Europe will not only look back at its 20-year young history, but also launch the Industrial Minerals Sector 2050 Roadmap.

The event programme starts on 23rd September evening, with the IMA-Europe Recognition Award Ceremony followed by the 20th Anniversary Gala Dinner. The 2014 Recognition Award will be granted this year to two outstanding projects related to Innovation and/or Public Awareness, Acceptance and Trust.

On 24 September afternoon, IMA-Europe 2014 Conference will address the IM 2050 Roadmap and an interactive high level Roundtable will debate around “***Is there a future for industrial minerals extraction in Europe?***”. The conference will be concluded with the IMA-Europe Safety Awards

Ceremony, which is part of the recently launched Target Zero Incidents Initiative.
