Industry4Europe just published its Industry4Europe Press Release expressing their appreciation to the European Commission publication on the *New Industrial Strategy for Europe* recognising that industry as “central to Europe’s future progress and prosperity” especially after the release of their own New Joint Paper.

Industry4Europe New Joint Paper on *A long-term strategy for Europe’s industrial future: from words to action* presented already concrete industrial policy proposals in seven priority fields; business-friendly policy environment, sustainability at business core, upgraded skills and training, enhanced research and innovation, investment and improved access to finance, reinforcement of the European Single Market and strengthened trade and international market access.

The paper is available here in Industry4Europe official website.
