

## Projects

Post date:

14/02/2020 - 16:16

The 'Plastics Circularity Multiplier' group invites you to attend its first conference on the 10th June at BluePoint Brussels in Brussels. The event will bring together policy makers and representatives from industry and academia who will communicate on a range of EU-funded innovations that aim of bringing plastic materials into the circular economy.

Learn how to create cross cooperation between EU Projects and boost European Union efforts towards a circular economy for plastics.

**Date and time:** 10.00 - 16.30 CET, 10 June 2020 - The event will finish with networking cocktails.

**Participation:** Register [here](#), participation is free of charge.
