2DPLOY

Full Title: Development of an innovation pipeline to facilitate and promote funding proposals for deployment of low carbon technologies

Aim:

Paving the way to the decarbonisation of European energy intensive industries

Concept:

2DPLOY aims to support European energy-intensive industries increasing the deployment of carbon neutral technologies and processes. The project will create an innovation pipeline, made of disruptive and mature innovations developed under Horizon 2020 and Horizon Europe projects, to the Innovation Fund. The innovation pipeline will be ready by the end of 2024. Moreover, it will offer capacity building and tailored guidance to innovation owners to prepare viable Innovation Fund applications. 2DPLOY paves the way for the decarbonisation of energy-intensive industries.
