R3VOLUTION

Full Title: A rEVOLUTIONary approach for maximising process water REuse and REsource REcovery through a smart, circular and integrated solution

Aim:

The EU-funded R3VOLUTION project aims to revolutionise industrial water management in Europe by developing solutions that enable over 90% water reuse across water-intensive industries. At the same time over 45% of effluent solutes are recovered, over 50% of waste heat will be reused, and 100% of hazardous substances will be eliminated.

Start date:
01/01/2024
