

#SETPlan

# *“Integrating industrial electrification in the energy system and supporting its deployment in all European regions”*

*Best practices from the stakeholders of the European Strategic Energy Technology (SET) Plan Implementation Working Group on Industry at national and European levels*

## ANNUAL EVENT

of the SET Plan Implementation Working Group on Sustainable and Efficient Energy Use in Industry (IWG-Industry)

27 May 2026, 14:00 (Registration from 11:30)

DoubleTree by Hilton Brussels City

Rue Gineste 3, 1210 Brussels, Belgium

The SET-IndEU project has received funding from the European Union's Horizon Europe research and innovation programme under grant agreement No 101123100.

SUSTAINABLE  
ENERGY WEEK

## AGENDA

|                                                                                                                             |                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                                                        |
